Navy Training Management and Planning System

- NTMPS is a comprehensive decision support system for Funding, Facilities and Manpower, Personnel and Training (MPT) managers at all echelons.

- NTMPS imports data from more than thirty existing Navy systems, and integrates data to provide meaningful information.

- The system provides detailed personnel training histories and Navy or TYCOM training requirements and status.

- NTMPS provides both standard and adhoc reports tailored to specific user requirements.

NTMPS History

- **1984/85 – Submarine Training Management Planning System (STMPS) Concept.**

- **1986/89 STMPS Design and Development**

- **1989 – STMPS comes online**

- **1995 – AEGIS Training and Management Planning System (ATMPS) comes online.**

- **1995 – Navy Training Management Planning System (NTAS/GENTMP) comes online.**

- **1998 – Surface Training and Management Planning (SURTMPS) comes online.**

NTMPS History (cont'd)

2000 – Air Training Management Planning System (AIRTMPS) comes online

- 2001 – Reserve Training Management Planning System (RESTMPS) comes online.

- 2001 – NTMPS Electronic Training Jacket (ETJ) comes online

NTMPS Electronic Training Jacket

- 2002 – Fleet Training Management Planning System (FLTMPS).

- 2003 – NTMPS Transitions to Navy and Marine Corp Intranet Web-base program.

January 2004

NTMPS News for SDB 10-03

Welcome to NTMPS! We represent the latest and most advanced **MPT (Manpower Personnel & Training) and Decision Support System** available to Training Managers and Activities. Using the latest technology in data warehousing software, NTMPS has incorporated many advanced features to enhance your ability to rapidly and easily access training information critical to making training management decisions.

With this release, the five previous datamarts, AIRTMPS, NTAS/GENTMPS, RESTMPS, STMPS and SURTMPS, have been integrated into a single application that is more intuitive and easier to use. The latest features including file export functions, On-line Data Element Dictionary, User Manual, Course Search capabilities, enhanced navigation features and new menu organization and layout will make it easier to find the desired information you are looking for. New reports have been added to provide Summary level information as well as numerous drill-thru reports created to provide detailed information.

The NTMPS Team of Developers, Subject Matter Experts (SMEs), Management and Support personnel have made every effort to include the latest software and tools to assist you in the performance of both routine and special analysis of Training, Manpower and Personnel requirements for your command or subordinate commands. NTMPS has a proven record of reliability, accuracy and performance. We hope the improvements made by the NTMPS Team will save you time and

Navy Training Management and Planning System (NTMPS)

NETC PENSACOLA FL//N00//   R181939Z APR 03

SUBJ: Training Management Solution Summit

NTMPS IS THE OFFICIAL REPOSITORY FOR ALL TRAINING DATA. AS SUCH, IT IS ALSO THE SINGLE INTEGRATED SOURCE FOR ANYONE SEEKING INFORMATION /ANALYSIS CONCERNING NAVY TRAINING. SPECIFICALLY, NTMPS PROVIDES CURRENT TYCOM FLEET TRAINING REQUIREMENTS, STATUS OF UNIT MANNING AS COMPARED TO TYCOM REQUIREMENTS, TRAINING DEFICIENCY REPORTS, MANPOWER INFORMATION, QUOTA AVAILABILITY AND APPROVED TRAINING RESERVATIONS. THE EFFICIENCY AND EFFECTIVENESS OF A SINGLE ENTERPRISE TRAINING MANAGEMENT SOLUTION WILL SIGNIFICANTLY SAVE THE NAVY BOTH MANPOWER AND FISCAL RESOURCES, AS WELL AS PROVIDING ALL INVOLVED IN NAVY TRAINING WITH THE RIGHT INFORMATION TO MAKE DECISIONS FROM EITHER A UNIT OR ENTERPRISE PERSPECTIVE.

VADM Al Harms

Navy Training Management and Planning System (NTMPS)

NAVOP 004/01 030200ZFEB01

Subj: Inter-Deployment Training Cycle (IDTC) Enhancement

....To Facilitate Training Management By Officers, CPOs And LPOs On Board Ships and Submarines, All Required Schools Are Now Published In The Submarine/Navy Training Management And Planning System (STMPS/NTMPS). STMPS/NTMPS Provides Deployable Battle Forces With A Single Computer-Based Tool To Manage School Requirements With Displays That Can Be Sorted By Platform, School, Location, Unit Identification (UIC), Manning, School Attendance And NECs.

Adm Vern Clark, CNO

Navy Training Management and Planning System (NTMPS)

NTMPS Objectives

- **Integrated Community MPT Database**
- **Planning and Management Support**
- **Provide Direct Fleet Support**
- **Use COTS to greatest extent possible**
- **Remain Flexible, Evolve with technology and requirements**

Personnel: The Personnel module includes reports which integrate training with manning and personnel related information. It includes detailed and summary level reports to display formal course requirements versus personnel assigned, NEC/NOBC requirements versus onboard assignments, career counselor reports, advancement reports, leadership reports and a detailed Individual Data Search capability. The following are the categories of reports which are currently found in the Personnel module:

Individual Data Search: Provides detailed personnel history for individuals when searched by SSN/Name. Search by CDP, CIN or NEC shows all individuals having completed a course or holding a NEC.

Leadership Trng Continuum: - Enlisted Leadership Training Continuum (LTC) Status reports are available which show activity summary statistics selectable by Major Command, Type Commander, Groups/Squadron, Selected UICs or All Navy. In addition, users have the option of selecting Enlisted LTC Non-Graduate reports based upon whether an individual is TIR eligible for the next scheduled advancement exam or all non- graduates of LTC courses. Officer LTC reports display Grad/Non Grad data.

Command Summary: - Activity summary data of Allowance vs Onboard by Rate, Required vs Onboard Grads of Required CIN's and Allowance vs Onboard for Enlisted Skills.

Training vs Requirements: This report lists all the Type Commander (TYCOM) training requirements for an entire ship type by shipboard department. Course data such as Course Identification Number

Navy Training Management and Planning System

What is an Electronic Training Jacket?

Information gathered about an individual's training, education, advancement, qualifications and certification levels that are integrated into an easily accessible electronic format.

- Web based - the individual's training jacket is available only to that individual via a computer with internet connection and 128 bit security.

- This easy access allows active duty navy and reserve personnel (and eventually the marine corps, and navy civilians) to actively manage his personal training jacket.

NTMPS Electronic Training Jacket

Login Screen

Enter SSN (no dashes): [_____]

Enter Password: [_____]

[Login Now!]   [Reset]

If you are a registered user of the ETJ System, enter your SSN and Password above.
If not, click here to register ==> [Register]

You may enter a Question Mark (?) in the Password field if you've forgotten your password.

For best viewing of your Electronic Training Jacket, set your Internet browser text size to small by left clicking your mouse on "View" in top menu bar and then selecting "Text Size" and "Smaller".

QUALITY CONTROL	10	1	2
NAVAL UNIFORMS	14	18	22

YOUR OVERALL PERCENTILE WAS 1
YOU SCORED HIGHER THAN 1 PERCENT OF THE CANDIDATES IN YOUR RATE WHO TOOK THIS EXAM.

Total number of exam questions may vary due to deletions. Deleted questions result if equipment or procedures become obsolete between the time the exam is written and the time the exam is taken. Deletions DO NOT change a candidate's chance for advancement. The standings are based on over 90% returned answer sheets. No change occurs with all results in.
